

Set Up Instructions

DNA-P-F05

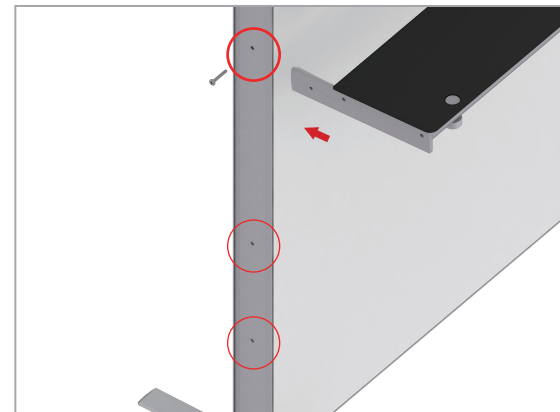

Step 1: Follow instructions for building the frame of your DNA Pro Lightbox.

Step 2: Install the x1 graphic on the side of the frame where the shelf will be visible.

Step 3: Align the shelf bracket holes with the holes on the side of the frame at the height you require and insert screws.

Step 4: Secure shelf into place by tightening the wingnuts onto the screw on the inside of the frame.

Step 5: Install second graphic on the opposite side of the frame.
